

CAPITAL BURIES CRASH VICTIMS; SENATE PROBES

Dozens of Injured Cling To Life By Fragile Thread Tuesday.

62 ARE IN HOSPITAL

Death List May Be Some Reduced As Result of Investigation.

WASHINGTON, Jan. 31.—Ninety-seven persons, according to a final and official list issued today by the District of Columbia authorities, lost their lives in the collapse Saturday night, under a burden of snow of the roof of the Knickerbocker theatre.

WASHINGTON, Jan. 31.—While the city began the burial of its dead today, District authorities rushed their investigations of the Knickerbocker theatre disaster and the senate was expected to take action on the resolution of Senator Capper, republican, Kansas, proposing an inquiry by that body.

A resolution of the same purpose also was pending in the house, although Representative Mondell, republican leader, today announced that body would not authorize an inquiry pending the outcome of those by local authorities.

A check of the death list by the police today showed that the final total, outside of the expected deaths of injuries, of which there are now three, probably would be reduced to 95 from the total of 105 carried yesterday. Of the total of 133 injured, 62 remained in hospitals today, with a dozen reported in a critical condition.

Grand Jury Busy. In addition to an exhaustive investigation of the disaster being pressed by the District of Columbia commissioners, the federal grand jury, which visited the scene of the crash yesterday as the first step in its investigation, today was to call its witnesses in an effort to fix the blame. The coroner's jury also investigated the cause of the deaths and had requested the war department to assign army engineers to make a study of the structure of the motion picture theatre.

Col. Charles Jeller, engineer commissioner of the district, held the opinion today, after a personal survey of the wreckage, that the collapse of the roof was caused by a defect of design. Building Commissioner Healy also believed that plans for the roof were practical and sound. Practically all of the large motion picture houses use the design, he said.

N. Y. Investigates Theatres. NEW YORK, Jan. 31.—Engineers today began an investigation of all theatres on New York's famous "White Way" as well as all motion picture theatres in Manhattan, under the direction of Charles Brady, city superintendent of building. The survey was ordered to prevent a repetition of the Washington theatre disaster.

Similar action is being urged in Brooklyn.

OKLAHOMA WEATHER. Tonight and Wednesday, probably rain. Somewhat colder in the north-west portion.

KENYON ACCEPTS PLACE ON BENCH OF U. S. COURT

WASHINGTON, Jan. 31.—Senator Kenyon of Iowa announced today that he would accept the nomination as federal judge for the eighth circuit court tendered to him by President Harding and sent to the senate.

The senate soon afterwards received the nomination and confirmed it in open executive session, an honor rarely paid to nominees.

The Iowa senator who is one of the leaders of the senate and chairman of the agricultural bloc of that body, in a formal statement issued upon receipt of his nomination by the senate, expressed appreciation of the president's action which he said would enable him to achieve his ambition, "to serve on the federal bench."

FORD DISCUSSES MUSCLE SHOALS BID WITH WAR SECRETARY; ACTION DELAYED

War Secretary Weeks, left, and Henry Ford, at right in the secretary of war's chair, discussing Ford's proposal.

Further action on Henry Ford's offer for the Muscle Shoals nitrate project and land has been delayed until War Secretary Weeks drafts a contract involving Ford's proposition to be presented to congress. Authority of congress is needed to dispose of property held by the war department. In the meantime two other bids for the project are to be revised by rival bidders to conform with certain conditions and presented to Weeks.

Oklahoma City Dons Her Best Attire to Welcome State Teachers Feb. 9-11

OKLAHOMA CITY, Jan. 31.—Oklahoma City is getting out her best counterpane for the guest room and preparing to put a cot in the parlor. For the teachers are coming—thousands of them to attend the annual state convention of the Oklahoma Education association, February 9 to 11. When they arrive, each is expected to have sleeping accommodations awaiting as a result of a movement to throw the homes of the city open to the visitors. Various civic clubs are co-operating to this end.

According to reports received at the headquarters of the association here, between 15,000 and 10,000 teachers will probably be in the city for the convention. Last year approximately 7,000 attended.

The convention is to open with a flourish Thursday night, Feb. 9, at the new Oklahoma City coliseum when a chorus composed of more than 500 voices from Bethany college, Linsborg, Kan., will present "The Messiah." This outstanding entertainment feature of the convention is free to visiting members of the association who are to be the guests of the teachers of Oklahoma City. The expense of presenting the oratorio are to be defrayed by the sale of tickets for two other performances which are open to the public. Only teachers will be admitted Thursday night.

Will Open Friday. Friday morning the first general session of the convention is to be held at the Oklahoma City high school auditorium. A meeting of the business assembly is scheduled for Friday afternoon, to be followed that evening by the second general assembly. Saturday morning the last general assembly is to be held. Departmental meetings are to continue Friday afternoon and will continue through Saturday. These will not conflict with the general sessions which are to be addressed by a number of men prominent in the educational and governmental world.

Among those who will address the general convention are Dr. John J. Tigert, United States commissioner of Education from Washington, D. C.; Hon. Charles H. Brough, Little Rock, Ark., former governor of Arkansas; Dr. C. A. Prosser, president of the William Hood Dunwoody Industrial Institute, Minneapolis, Minn.; Dr. W. A. Brandenberg, president of the Manual Training Normal school, Pittsburg, Kan.; Prof. D. R. Gebhart, director of music at Peabody college, Nashville, Tenn.; Dr. William S. Gray, dean of the school of education, University of Chicago; and R. H. Wilson, Oklahoma state superintendent of public instruction.

W. C. Masterson, superintendent of schools at McAlester and retiring president of the education association, and N. O. Hopkins, county superintendent of Oklahoma county and incoming president of the association, are also scheduled to address general sessions of the State Federation of Woman's Clubs.

Program is Lengthy. Several hundred teachers from all parts of the state are on the program for talks before departmental meetings. These departmental sessions are to be attended by the following groups: art instructors, attendance officers, athletic instructors, boards of education, county superintendents, commercial instructors, consolidated schools, English instructors, grade teachers, instructors, librarians, manual arts instructors, mathematics instructors, music instructors, penmanship instructors, philosophy instructors, kindergarten teachers, city superintendents, teachers training instructors, economic instructors, junior high school instructors and Latin instructors.

Special conferences will include those of the Oklahoma Academy of Science, instructors of physical education for women, leaders in the visual education movement in the state, the Oklahoma Society for Vocational Education and the American School Citizenship league.

Social gatherings in connection with the convention include a banquet of the Order of the Red, Red Rose, Friday evening at the high school cafeteria, a Roman dinner to be served to all Latin teachers at noon Friday, a "get together" luncheon of Southwestern Teachers college alumni, the time and place to be announced, a Phi Delta Kappa luncheon at noon Friday in honor of Dean Gray of Chicago, a luncheon for life members of the Oklahoma Education association at noon Saturday and a buffet luncheon at noon Friday for alumni of Central State Teachers college.

Plans for the convention have been shaped largely by M. A. Nash, secretary of the association with headquarters in the state capitol.

McAlester—McAlester is considering the feasibility of having a baseball team this season in the Western Association. A committee appointed at a recent commercial club luncheon is studying the matter and is expected to report soon.

Good intentions usually come off with a black eye when they meet up with national aspirations.

BETTER STREETS TALKED TONIGHT

Interesting Program Made Up for Forum Meeting At City Hall.

An interesting and instructive program has been arranged for the first meeting of the entire membership of the re-organized Chamber of Commerce this evening at the City Hall. The meeting will begin at 7:30 and close strictly at 8:45, according to the chairman of the forum committee, Rev. C. C. Morris.

Wm. L. Whitaker will discuss the advantages of better streets in the city, touching upon some of the technical phases of the matter. Walter S. Smith, who has been interested in getting the streets gravelled, will give information along this line. I. E. Hansen will discuss paving and J. F. McKee will tell about the legal steps in the program suggested.

Each speaker will be limited to ten minutes, and time will be given for questions to be asked and opinions given by those in the audience. It is to be a real forum meeting, wherein each individual can express his own sentiments.

The Forum Committee.

The forum committee, which met Tuesday afternoon, appointed the following permanent committees:

Fellowship—T. B. Blake, chairman; C. R. Drummond, S. E. Dunham, W. B. Duncan, L. S. Chilcutt, L. R. Clark, R. H. Couch, S. Jacobson, J. G. Witherspoon, J. U. Criswell, E. C. Wilson, A. D. Bolton, E. E. Emerson, Frank Arnett, W. E. Harvey.

Attendance: Joe Cole, chairman; Rev. H. M. Woods, Ben Baldwin, B. Scheinberg, Langford Shaw, G. E. Branscombe, Jack Ketchell, Clarence West, R. G. Knott, C. H. McKellar, C. L. Griffith, J. P. McKinley, T. W. Fentem, Rev. R. A. Hatch, J. H. Patton.

Entertainment—Ed Granger, chairman; J. R. Couch, Rev. J. H. Ball, H. W. Wacker, H. P. Suge, H. B. Wilenzick, M. Levin, M. M. Harwell, Carl Stanfield, F. D. Hill, N. B. Stall, J. E. Hickman, H. F. Felix, E. A. Poe, H. J. Huddleston. These committees will probably rotate, the entertainment committee at times serving as the attendance committee or fellowship committee, and one of the others serving as the entertainment committee and so on.

SKIRTS WORN BY SALVATION ARMY MUST DROP LOW

CHICAGO, Ill., Jan. 31.—The skirts of Salvation Army lassies must not be more than seven inches above the street level, according to an order issued here today by Commissioner William Peart, leader of the organization in fifteen midwest states.

"A few years ago we were trying to persuade our women to wear them shorter," said Commissioner Peart in commenting upon the order. "The skirt that trails in the dirt gathering germs is a menace to the wearer's health; but the skirt that flaps around the knees is pretty much of a menace to the modesty of the woman who wears it. The skirt is about the only thing which doesn't appear to be coming down these days and a back to normalcy drive on the too short dress will do a lot to protect the morals of the rising generation."

Commissioner Peart stated that the order would affect every Salvation Army member in 77 countries and colonies where the organization operates with the possible exception of China and Japan where most of the women wear trousers.

The strike was called off in a resolution declaring that its continuance "would cause unnecessary suffering on the part of a great number of workers."

MCCAULEY TRIAL AGAIN DELAYED; NO DATE IS SET

Sickness today of both County Attorney Wayne Wadlington and Justice of the Peace H. J. Brown, before whom the hearing was to be held, caused a third continuance in the preliminary of B. F. McCauley on a charge growing out of the fire which almost two months ago destroyed part of the building, stock, and fixtures of the Ada Music company.

The charge on which McCauley was to go to trial today was of destroying insured property. Assistant County Attorney H. F. Mathis said this morning that no date has been set now for the preliminary, this arrangement pending the recovery of Judge Wadlington and of County Attorney Wadlington. January 16 was one date set for the preliminary but the state asked for 15 days more time. The defense was then ready for trial but agreed to a delay.

State Fire Marshal Benjamin, who signed the complaint naming McCauley, president and principal stockholder of the music company, in connection with responsibility of the fire, was to have appeared here today as principal witness for the state.

ADA MEN HELD AT EUFAULA PENDING MURDER HEARING

EUFAULA, Jan. 31.—Walter and Charles Dodd, Ada fruit tree salesmen, are being held without bond in the county jail here today with charges of murder against them as the result of the death Sunday noon of John Sellers, 24, caused, it is charged, by a shooting in the hotel owned by Sellers' father, Alex Sellers, Saturday night.

Makes Dying Statement. According to the dying statement of Sellers to Sheriff W. B. Moore, the Dodd brothers, who are fruit tree salesmen, had been drinking and were causing a disturbance in the hotel. Sellers remonstrated with them and an argument followed, after which Walter Dodd left the hotel by the front door, while his brother remained.

Walter Dodd is supposed to have returned to the second story of the hotel by the back stairs after getting a gun, and met young Sellers when he went up.

Brother Pleads Innocence. "Go back downstairs or I'll kill you," Dodd said, according to the statement of Sellers. A short scuffle followed in which Dodd fired the shots that proved fatal. After emptying the gun he disappeared and was later found hiding behind a counter in the Dunlap store.

Charles Dodd remained in the hotel during the shooting. He maintained that he had seen his brother leave the building and knew nothing more of his whereabouts until the shooting started.

Sellers leaves a wife and two small children.

60 Policemen Are Held at Bay When Negro Runs Amuck

(By the Associated Press)

BOSTON, Jan. 31.—Sixty patrolmen, armed with rioting guns, battled more than an hour early today against Rensey Murray, a negro. Barred in his home in the south end, he shot and wounded two officers, a negro and a white, and set fire to a bed in which an infant lay. Murray surrendered, uninjured, when a dozen patrolmen broke down the door of the house.

Shouts of "lynch him!" were heard and the crowd fought to get him, but officers hastened him to a patrol wagon.

The trouble began when Murray attacked Mrs. William Jackson, a negro tenant, and fired several shots at her. Patrolmen Dalton and McShane, attempting to enter the house, were shot.

OMAHA PACKERS VOTE TO CANCEL STRIKE MEASURE

OMAHA, Neb., Jan. 31.—More than 1,500 striking members of the American Amalgamated Meat Cutters Association last night voted to call off the strike in the local packing plants. It is said that the resolution was passed almost unanimously.

"Conditions in other packing centers as well as in Omaha are such that a continuation of the present strike would serve no good purpose but on the other hand would work an injury," said a prominent official of the union.

Many strikers applied for work at the plants Monday morning and was declared at the meeting.

The nation-wide strike in the packing houses began December 12.

Seek Work Again. Large crowds of packing house workers gathered at the employment offices in the packing district, seeking employment, according to reports from that section following the cancellation of the strike at Omaha.

The strike was called off in a resolution declaring that its continuance "would cause unnecessary suffering on the part of a great number of workers."

Wilson Campaign To Close This Week Is Order To Ada Chief

Leonard A. Braly, chairman of the Woodrow Wilson Foundation campaign for Pontotoc county, announced today that the drive will be continued this week but not longer. About half of the quota set for the county has been raised and Mr. Braly is anxious to complete it.

A telegram Monday evening from Bert C. Hodges, secretary of the campaign for the state, reads as follows:

"State chairman, C. B. Ames, announces that as much as he would like to do so, it will be impossible to extend the time of the Foundation campaign further than this week. I appeal to you personally to complete the work and extend the information to the workers. Urge upon every community the necessity of completing this matter successfully this week."

TAUNTS LEAD HER TO SHOOT SISTER

Mrs. Hermione Renzelman.

Mrs. Hermione Renzelman of South Eatontown, near Long Branch, N. J., says that her sister's taunts led Mrs. Renzelman to shoot and kill the sister. The murder occurred in the Renzelman home.

EARTH TREMOR IS DECLARED SEVERE

Seismographs in Various Parts of U. S. Broken By Quake Today.

(By the Associated Press)

NEW YORK, Jan. 31.—Geologists in New York seeking to locate the earthquake which today shattered seismographs in various parts of the United States, estimated that the shock ranged along the west coast of South America, somewhere between the Panama canal zone and Ecuador.

San Francisco Trembles. SAN FRANCISCO, Jan. 31.—Earthquakes were felt early today along the coast from San Francisco to the Canadian line, according to reports received here. No damage was reported.

Seismograph Ruined. CAMBRIDGE, Mass., Jan. 31.—An earthquake shock so severe that it put the seismograph out of commission at the Harvard University occurred today. It centered about 2,778 miles from here, Prof. J. B. Woodworth estimates, but in which direction he was unable to say.

LOCAL TELEPHONE OFFICE ASKS BELMONT EXTENSION

That an application to the St. Louis office of the Southwest Bell Telephone Company for an appropriation to put in a cable for the Belmont Addition has been made, is the information given the city by E. H. Steanson, local manager. Definite information about the matter is expected within a few days.

Even if the appropriation is allowed, "there will be the usual delay in getting the cable from the manufacturer," the manager states.

PONTOTOC LAD TO GET HEARING ON PETITION FEB. 7

(By the Associated Press)

OKLAHOMA CITY, Jan. 31.—Hearing on the application to withdraw the plea of guilty, filed by Charles Polk in connection with the lynching of Jake Brooks, negro packing employee, has been set for Tuesday by Judge James I. Phelps, before whom he entered his plea.

Polk came to Oklahoma City from Pontotoc county.

Robert McAllister, seventh confessed member of the party of strikers which lynched Brooks, Monday entered a plea of guilty. The charges of murder filed against him in connection with the crime and was sentenced to life imprisonment by Judge James I. Phelps, before whom he entered the plea.

Harris Arraigned. John V. Harris, eighth member of the lynching party, the only one who has refused to waive preliminary hearing, was arraigned Monday before T. F. Donnell, justice of the peace, and entered a plea of not guilty to the murder charges filed against him. His preliminary hearing will be held Wednesday.

Only one man implicated in the lynching is still at large. He is John Yearta. Efforts of officers to locate Yearta have been futile.

Yearta and Harris have been implicated in the confessions of the other lynchers.

Many New Students Have Enrolled in Teachers College

The enrollment of new students for the spring term of the Teachers College is most gratifying to the management. To date the total is around 70. A large part of these are from places other than Ada.

U. S. IS PLEASED THAT SHANTUNG ISSUE IS ENDED

Harding Expresses Delight of Many Nations Felt Over Development.

WAS IMPORTANT STEP

Relation Between Chinese and Japanese to Become More Cordial.

(By the Associated Press)

WASHINGTON, Jan. 31.—Much gratification that the Shantung controversy had been settled was expressed today at the White House here officially saying that President Harding felt that the agreement reached was one of the most important of the conference and one of its greatest achievements.

The White House statement was the first official confirmation that the agreement had been reached, although it had been generally understood that the two countries were in virtual agreement.

Was Apparent Monday.

WASHINGTON, Jan. 31.—Further indications that a settlement of the Shantung controversy was imminent developed yesterday when Japanese and Chinese delegations were called together to resume their conversations.

Every issue of the Shantung problem previously has been settled except details of the Tsingtao-Tsinfu railroad settlement and resumption of the negotiations was taken to mean that the two groups were ready to again take up discussion of the railroad question.

At the same time a call was issued for a meeting late in the day of the naval committee of 15, presumably to discuss the Japanese reply on fortification which was the only feature of the five-power naval treaty remaining uncompleted.

China Gets Advice.

Members of the Chinese delegation indicated that the prospect of a settlement of the vexing railroad problem was based to some extent on advice lately received by them from Peking. It was thought in Chinese circles that the Japanese probably would meet the Chinese half way in reaching an agreement on the basis of some modification of the Japanese proposal urged upon the Chinese delegates last week.

The Chinese, it was said, would be willing to grant the Japanese contention for Japanese experts with full title as traffic manager and chief accountant, but would ask the Japanese to agree that these officials should be subordinate to the Chinese managing director, who on all Chinese railroads had authority over the traffic manager.

WARM RAIN OVER SOUTHWEST JINX TO WEATHER MAN

KANSAS CITY, Jan. 31.—Moderate temperatures were generally prevalent over Missouri, Kansas and Oklahoma and other southwestern territories today, according to F. Connor, weather forecaster here. A cold wave had been predicted.

Light showers were falling this morning in scattered communities, he said, with a very good prospect that Missouri and Kansas will be visited by rains tonight or tomorrow.

Traces of snow and sleet were reported from widely separated centers, according to reports received here by Mr. Connor.

TULSA—Rapid progress is being made on the erection of three large buildings under construction in the Tulsa business district. The new 12-story Atlas Life Insurance building, and the masonry work has been completed to the second story. Steel is also put into place on the 5-story Hunt department store, and the skeleton of the 8-story Wright annex is also stretching skyward. Workmen are now on the fifth floor.

REACTION TO JAZZ IS FILLING CHURCH NOW

TULSA, Jan. 31.—A reaction to the "jazz era" has come and more people are attending church today than ever before.

This statement was made today by Dr. Henry Chapman Swearingen, moderator of the Presbyterian general assembly, who is to be the principal speaker of the Presbyterian Field Day services and conferences being conducted here today in honor of this official and members of his party.

Delegates from several cities and towns in the state were assembling this morning to attend the field day conferences.

BIBLE THOUGHT FOR TODAY

THE PRINCE OF PEACE:—For unto us a child is born; and the government shall be upon his shoulder; and his name shall be called, The Prince of Peace. —Isaiah 9:16.

THE POPE AND THE KING.

Dispatches state that the college of cardinals is divided on the question of a reconciliation with the Italian government, one faction being in favor of accepting facts as they actually exist and the other insisting on the present course of refusing to recognize the sovereignty of King Victor Emanuel. The dispute dates back to 1870 when the grandfather of the present king of Italy captured Rome from Pius IX and ended the temporal sway of the pontiff which had been exercised for 1,000 years, with the exception of the years Napoleon ruled Europe.

Pope Pius shut himself up in the Vatican and declared himself a prisoner, refusing to acknowledge the new order of things. The Italian government guaranteed him certain rights and has made an appropriation of \$750,000 per year ever since 1870 by way of compensation, but not a dollar has been drawn, since that would be an acknowledgement of the temporal rule of the king of Italy. Leo XIII, who succeeded Pius, followed his policy and during his reign of more than a quarter of a century never left the Vatican. The two who followed him clung to the same course, but now fully half of the Italian cardinals favor accepting the situation and being on friendly terms with the Italian government, instead of keeping up a quarrel that gets nowhere. Of course the Pope in reality is not a prisoner; he is at liberty to go and come as he pleases, but having once declared himself a prisoner to leave the Vatican would be to acknowledge the sovereignty of the king over Rome. Apparently the Italian government has never worried much about the situation and a one-sided quarrel becomes monotonous in time.

Congresswoman Alice Robertson of Oklahoma was one of the seventeen Republicans who voted against the anti-lynching bill. She explained that she believed this was an infringement on the rights of states, hence voted in the negative. Miss Robertson abhors lynching, as does every other friend of law and order, but she does not believe in this attempt to usurp state laws and state rights. Even Herrick who has been the object of much ridicule, refused to go with the majority of his party, taking a common sense view of the matter. Congressman Pringle's name does not appear in the list of seventeen Republicans who voted against the measure, so if he was present and voted, it is to be presumed that he is favorably inclined towards this invasion of the powers of the states solemnly guaranteed by the national constitution. As for the handful of northern Democrats who voted with the majority of the Republicans in favor of the bill, they are Democrats in name only. How any man who believes in the principles of government advocated by Thomas Jefferson could sanction this attempted usurpation is beyond us. Furthermore, this measure cannot stop lynchings. When a people are aroused, they are not going to pay any more attention to a national law than to the statutes of a state. They will continue to act as of old, but if the Republicans can corral the negro vote in the doubtful states, what difference does it make?

PUT UP OR SHUT UP.

Politicians have shed many bushels of crocodile tears over the dear farmers—in campaign time—but with the president and congress it is now a case of put up or shut up. The Farmers Conference which was held at Washington adopted a pointed resolution demanding that the president and congress take measures to stabilize the price of farm products. In campaign days politicians always have numerous plans and ideas about helping the farmer but putting them into execution is a different matter. Now the matter is put in blunt terms before a set of promise makers. Can they make good, or must they admit that all their flowery promises in times past have been merely for the purpose of catching votes? Chickens come home to roost and this time it is a whole flock at once. The country awaits results.

An examination of the various suggestions turned in by members of the Chamber of Commerce shows that street improvement comes first in the opinion of the majority. All right, let's get busy. There is plenty to be done and nothing will be noticed by visitors any quicker than well kept streets. In the past few months much graveling has been done and six blocks of paving are under way. The gravel will certainly keep traffic out of the mud for the time being, and with an application of liquid asphalt or crude oil should be almost as solid as paving in a short time. It is up to every property owner to give his street particular attention.

If New England farmers had access to a block of our Pontotoc county land they would sell it by the pound as fertilizer.

TO RELIEVE THE AGRICULTURAL DEPRESSION

The Forum of the Press

The New Prodigal Son (Muskogee Phoenix)

Multitudes of variations and applications of the story of the Prodigal Son have been made. We fail to recall any, however, which represents him as coming back, unrepentant, after his orgy, and calmly telling his father that he must hand over the rest of his resources if he wishes them to have cordial relations in future. That height of imprudence no commentator conceived.

Yet that is what we have today on the part of the representatives of the thing called the government of Russia. It desires to be present at the economic conference of nations that has been called. The reason for this is that its own economic life has been ended by deliberate suicide. And now its representatives have, the amazing effrontery to say that Russia must have financial assistance from the outside if she is to recover and take her place in a restored economic world.

Think of the gall of it! Outside financial assistance! Lenin has always looked upon "Outside" as a heathen world to be converted by the sword and the bomb; not in any sense as an associate. He has spurned all finance as the invention of the devil. For five years he has destroyed with all the vigor of madness the accumulated capital of Russia, and made her finances a laughing stock by unlimited issues of paper money. He has repudiated all debts contracted in the past, because he recognizes no obligation on earth as having any binding force if you do not wish to keep it. He has made Russia stand out-cast and alone.

This is the man, and this is the country, still permitting him to control its destinies, that dares to assistance. We cannot imagine any one mad enough to lend Russia one dollar in either cash or credit while the bloody fanatics now in charge of her destiny remain in power. That they could cherish such an idea only shows how far all the European nations have gone toward the conviction that somebody will do for them what they ought to do and will have to do for themselves.

Dry Stars.
(Daily Ardmoreite)
The use of a white star, in homes and places of business, to signify obedience to the letter and spirit of prohibition, is urged by the Women's Christian Temperance Union, and it is a good thing.

There will be some reluctance to start this demonstration, in many communities, because of the fear of being laughed at. Once started, however, the movement is likely to grow. The majority almost everywhere are strongly in favor of prohibition, otherwise it would never have been adopted and never sustained. Acquiescence at present is doubtless more general than scoffing would have the public believe. A recent estimate shrinks the 20,000,000 American drinkers of pre-prohibition times to a mere couple of million. And the number is now steadily diminishing, largely because of the fear aroused by the wave of illness and death spread by poisonous bootleg liquor and home brew. A white star in the window certainly is better than a purple wreath on the door.

A Sectional Measure.
(Ft. Worth Star-Telegram)

The best argument against the anti-lynching bill, which passed the House yesterday, is the lineup of the members of congress on the final vote.

It was not a party lineup. It was a sectional lineup. Democrats from Pennsylvania, New York, New Jersey, Massachusetts and Illinois voted for the bill.

Republicans from Tennessee, California, Virginia, Oklahoma and states outside the South where there is no strong negro vote, voted against the bill.

There were some notable exceptions of Republicans from other states who voted against it. But the sectional character of the lineup was plain.

If this bill becomes a law it will only make trouble. We expect that fact to become plain before it is taken up in the senate.

Political Announcements City of Ada

The News is authorized to announce the following as candidates for the respective offices of the city of Ada, subject to the primary election:

FOR MAYOR—
W. H. FISHER
W. T. MELTON
GARY KITCHENS
SHERWOOD HILL
U. G. WINN

For Commissioner of Public Works and Property:
J. D. FAUST

WAYNE WADLINGTON

County Offices

For County Superintendent:
F. E. GRAY

For County Weigher:
J. M. (JIM) BYRD
JOHN WARD

For Sheriff:
JOE E. SLOAN

County Commissioner, Dist. No. 2:
CHARLEY LASEMAN

LIMBERS UP YOUR SORE STIFF JOINTS

WEATHER exposure and hard work bring pains and aches in muscles and joints. Have a bottle of Sloan's Liniment handy and apply freely. Penetrates without rubbing. You will find at once a comforting sense of warmth which will be followed by a relief from the soreness and stiffness of aching joints. Also relieves rheumatism, sciatica, neuralgia, sprains and strains. For forty years pain's enemy. Ask your neighbor. At all drug stores—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

HARD FINANCIAL TIMES MUST NOT BLOCK SCHOOLS

(By the Associated Press)

OKLAHOMA CITY, Jan. 31.—A letter calling attention to the steady growth of the school system in Oklahoma and calling on those in authority not to permit financial conditions to cause a lowering of standards or stagnation in the schools of the state, has just been mailed by R. H. Wilson, state superintendent of public instruction, to members of school district boards throughout the state.

"During the last seven years our schools have made rapid progress," the letter declares. "The number of teachers has more than doubled. The number of pupils finishing the eighth grade has increased from 3,725 in 1911 to 23,722 in 1921. The fully accredited high schools numbered 29 in 1912 and 305 in 1921. The number graduating from the fully accredited high schools increased from about 500 in 1912 to 5,490 in 1921. We now have 3,696 one-teacher schools, 1,112 two-teacher schools, 296 three-teacher schools and 1,253 schools employing four or more teachers. There are 817 schools in which

high school work is offered, 301 of them being fully accredited for four years of high school work. During the past ten years illiteracy in Oklahoma has been reduced by 11,000 notwithstanding the fact that we have had a large increase in population."

The letter declares that despite the depression of the times, last year was very successful.

Referring to the need of maintaining the present school standards in the face of financial stringency, Superintendent Wilson's letter declares:

"No state is ever greater than its homes. The school and the church are next to the home in importance. We would not for one moment pro-

pose to lower the standard of our homes because of present conditions. Neither should we countenance a proposal to lower the standard of our schools. Rather should we make them better for the sake of those children whose school days are drawing to a close."

BLACKWELL.—The following officers and directors of the Blackwell Oil company were elected at the annual meeting: President, J. L. Waite; vice-president, Ola Goodson; secretary, Arthur Brooks; treasurer, N. D. Kistler; and directors, all officers and George Kite, Jack Reynolds, R. C. Welge, Mrs. Myrtle Barrett and Mrs. C. L. Beatty, all of Blackwell, and W. A. Harrison of Oklahoma City.

"Bobbie dog, guess it makes you hungry, too, to see me eat a great big bowl of Kellogg's for breakfast every morning! But I can't spare any today, Bobbie; honest I can't!"

Kellogg's Corn Flakes touch-the-spot any hour of day or night

You just can't resist the appeal of Kellogg's Corn Flakes! Pour out a bowl brim full of Kellogg's—big, joyously brown, crisp and crunchy! Was there ever such an appetite treat! And, such a flavor! A breakfast or lunch or supper thrill for big folks as well as little ones!

Get KELLOGG'S Corn Flakes for sure—because Kellogg's are the original Corn Flakes and so deliciously good and so superior in every way that your delight will be boundless. Kellogg's are never tough or leathery or hard to eat—they're always crispy!

Kellogg's are sold only in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Toasted Corn Flakes! NONE ARE GENUINE WITHOUT IT. Have Kellogg's for breakfast tomorrow!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

SANKEY'S WILL IS ADMITTED TO PROBATE

PORT WORTH, Jan. 4.—The will of John (Jack) Sankey, wealthy oil operator, was admitted to probate Tuesday in the county court. Under terms of the will a daughter of the deceased by a former marriage is the principal beneficiary.

Sankey was shot to death in a room at the Metropolitan Hotel. An inquest verdict declared the fatal wound was self-inflicted.

BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the faded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NO-141

AUSTRIA FACING NEW YEAR UNDER HEAVY DEFICITS

VIENNA, Jan. 2.—Indications are that the beginning of the new year will find the government facing a deficit of 200,000,000,000 crowns. It had reached 165,000,000,000 at the end of October.

The largest single item of the deficit is for subsidized foodstuffs bought outside the country, this alone amounting to 83,000,000,000 crowns. The railways have been run at a loss of 28,000,000,000.

Another serious item of loss has been on foreign exchange, the government being forced to sell crowns for foreign values for payments of flour, fats and various other commodities under the food subsidy plan.

During the past few months the fall of the crown against standard values has been unchecked and its purchasing value has about reached the vanishing point.

The largest note in circulation in Austria has been 10,000 crowns, but the tremendous volume of circulation has made even that denomination insufficient and an issue of 100,000 crown notes is in preparation.

Where 1,000 and lesser notes are handled in quantities they are no longer counted, but weighed. A table of weights has been worked out and found to be accurate enough for all ordinary purposes when jewellers' scales are used.

In the mind of the average Austrian there seems to linger some fatuous belief that some day and some how the crown will recover in value and he gambles on that hope even in such business deals. Meanwhile, the presses are turning out nearly 1,000,000,000 a day, the last week in October the issue amounted to 10,000,000,000, and he sees his maximum note of circulation advance from 10,000 to 100,000-crown denomination and even that worth but little more than the tenner was six months ago.

REMARKABLE PLAYING OF BILL TILDEN AND MRS. MALLORY 1921 NET FEATURES

William T. Tilden II and Mrs. Molla Bjurstedt Mallory.

By NORMAN E. BROWN

America's supremacy in sport never was demonstrated more conclusively to Americans and the world in general than it was by the U. S. tennis stars during the year 1921. The past year will go down as the greatest in the history of the sport.

Speaking generally, more tournaments were held in the U. S. than ever before. More clubs and communities awakened to the demand for the game and provided adequate provisions for the game. And then, in the national and international matches the leading players of the U. S. stood out like lighthouses on a rockbound coast.

William T. Tilden, modest and smiling, was the biggest hero of the year. Holder of the international championship by virtue of his victory on the famous Wimbledon courts in 1920, Tilden returned to England and on the same courts defended his title. Despite illness, he won the final match against B. C. Horton, a South African star. His claim to international honors was made doubly clear by an earlier feat in winning the hard court tournament in France.

Returning to the U. S., Tilden represented his country on the Davis cup team, chosen to defend that trophy. With R. Norris Williams, William M. Johnston and Watson Washburn, he successfully defended the cup, making a clean sweep of the series.

The cup matches gave American tennis devotees some real tennis. Teams from many foreign countries, composed of the greatest net stars in their respective lands, came

to this country and staged the preliminary matches. The appearance of these teams in many sections of the country provided real feats for tennis fans.

The Japanese team won the right to meet the U. S. in the finals and was vanquished handsily. Tilden alone defeating both Inchiya Kumagai and Zengo Shimidzu.

In the All-Comers tourney, held at Philadelphia, Tilden performed a feat unequalled in tennis history. He defeated Irving C. Wright, P. L. Goldborough Jr., Shimidzu, William M. Johnston, F. Gordon Lowe of the British Isles, Willis E. Davis of the U. S. and then Wallace Johnston. Johnston was the only man to take a single set from him.

Tilden also won the national title and the national doubles title with Vincent Richards as his partner.

Of the women stars, Mrs. Molla Bjurstedt Mallory was the bright luminary. She showed her outtime form in winning the national title. It was clearly in this tourney that the most sensational incident of the year occurred. Suzanne Lenglen of France, acclaimed the wonder tennis player of Europe and easily its champion, had come to this country to meet America's greatest feminine stars. She met Mrs. Mallory in the second round of the tourney. Mrs. Mallory won the first set 6-2. In the second set, while playing the second game, Mlle. Lenglen collapsed and was assisted off the court. Illness was given as the reason for her failure to again enter competition in the tourney. A lengthy tour planned for her in this country was also abandoned.

CHICAGO TEAM GETS NO REST FOR HOLIDAYS

(By the Associated Press)

CHICAGO, Jan. 4.—While students of the University of Chicago enjoyed a week's Christmas vacation, the Maroon basketball squad spent every afternoon practicing to overcome weaknesses which cropped out in their early encounters.

Coach Nels Norgren, in charge of the quintet, is worried. He has a large and promising aggregation of steady and consistent players, with two or three individual stars, and plenty of material which can be moulded into stars; yet his team is weak and far from the standard set by last year's squad. Birkhoff, Crisler, and other alumni who won fame in the basket game are assisting Norgren from the sidelines.

Romney, who showed up as an individual star and point winner in the early games, is having trouble to get the proper co-operation and team work into his efforts. In the short passing game, which Norgren is using, Romney is successful at receiving, but has proved inaccurate in passing. He is quick, however, and an excellent player, by far the best the Maroons have this year. Captain Halladay, who has shown a surprising lack of form

for an experienced and consistent player, is visibly worried about himself. Coach Norgren expects him to improve with the progress of the schedule, however.

Among the new men, two have shown much promise. Campbell Dickson, a sophomore, is quick and an accurate passer. Besides standing a good chance of being a regular member of the lineup, he was a substitute on this year's football squad and is sure of a position on next year's team. He is also a high jumper of ability. Frieda, the lanky junior from Minnesota, has shown himself adept at throwing baskets. He is also a possibility in the lineup near the end of the season.

Bobby Stahr and John Bryan, both veterans, are doing fairly well in their positions. Bryan has recovered from the trouble with his knee cap that took him out of the football lineup and barring a recurrence, will be in the opening games. The first conference game will take place January 7 with Ohio state.

POTEAU.—Because prisoners at the county jail are under quarantine for smallpox, the January term of district court, which was to open Monday, January 2, will be delayed several weeks. The term is expected to be of short duration because only \$400 remains of the court fund. The last term cost \$7,000.

Wichita River Dam To Open Big Water Project For State

WICHITA FALLS, Tex., Jan. 4.—Contracts has been awarded for the construction of a dam across the Wichita river, 60 miles from Wichita Falls, for the largest independent irrigation and municipal water project ever attempted in Texas, and probably one of few in the United States, according to Vernon L. Sullivan, consulting engineer of El Paso.

The irrigation project will be triple in purpose. It will protect this section from floods, supply water for the city of Wichita Falls and other towns and for irrigation of a semi-arid section and will be a potential power plant for that part of the country, according to the engineers.

The lake to be impounded by the dam will have a shore line of 75 miles, Mr. Sullivan said, and will have a maximum depth of 85 feet. Its capacity would fill a 16-inch pipe line 10,000,000,000 feet long, or enough to circle the earth forty times, he said. It is said to be as much as the mean annual flow of the Wichita river.

The construction will require about 7,100,000 cubic yards of earth, 45,000 cubic yards of rock rip rap, 60,000 cubic yards of concrete and about 3,700,000 cubic yards of earth excavation in the canals and laterals, which will total 100 miles in length.

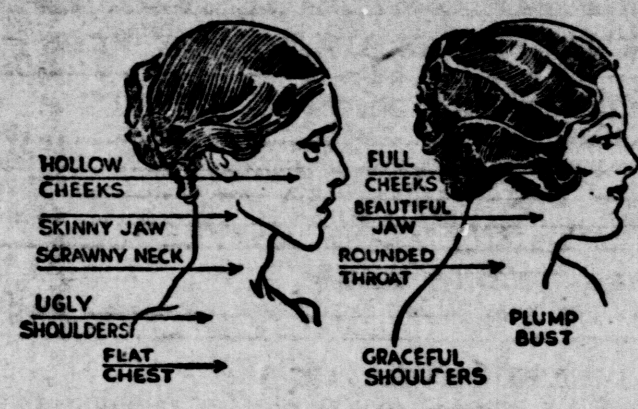

J. A. Kemp, financier of Wichita Falls, is the chief promoter of the project.

HUGO—A lull followed the grand Christmas rush when police court procedure consisted of only two defendants Thursday morning. Judge Walton opened court with the two defendants absent.

New Yeast Vitamon Tablets Round Out Face and Figure

With Firm, Healthy Flesh, Increase Energy and Beautify the Complexion—Easy and Economical to Take—Results Quick.

Thin or run-down folks who want to quickly get some good, firm, solid flesh on their bones, fill out the hollows and sunken cheeks with strong, healthy tissues, and build up increased energy and vitality should try taking a little Martin's VITAMON with their meals. Martin's VITAMON is a tiny tablet containing highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C). It banishes pimples, boils and skin eruptions as if by magic, strengthens the nerves, builds up the body with firm flesh and tissue and often completely rejuvenates the whole system. Quick, gratifying results. No gas caused.

If you are thin, pale, haggard, drawn looking or lack energy and endurance take Martin's VITAMON—two tablets with every meal. Then weigh and measure yourself each week and continue taking Martin's VITAMON regularly until you are satisfied with your gain in weight and energy.

IMPORTANT! While the remarkable health-building value of Martin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Do not accept imitations or substitutes. You can get Martin's VITAMON tablets at all good druggists.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back.

if it isn't MARTIN'S it isn't VITAMON

How Ironized Yeast Fills Out Figure

And Puts New "Pep" and Energy in Thin, Nervous, Rundown Folks

Hundreds of thousands of people all over the country are now taking IRONIZED YEAST tablets for health with results which in many cases are actually astonishing. For this tablet to gain five pounds or more on the very first package is not unusual. Complaints of bloated with pimples, etc., are very often entirely cleared up within 10 to 14 days. As for increasing "pep" and energy, apparent "miracles" are reported by folks who were formerly run-down, weak, and lacking in physical and mental vigor.

FREE! Mail coupon below for Amazing Three Day Trial Treatment of IRONIZED YEAST. Watch the Results!

quires that we get a proper amount of vitamins and iron in our systems. But these two essential elements are lacking in the modern diet. That is why so many of us are thin and run-down.

Yeast Best When Ironized

The thing to do is to supply this lack by taking with each meal two tiny IRONIZED YEAST tablets which contain in highly concentrated form, a specially cultured yeast grown under strictest supervision for medicinal purposes—a yeast unequalled for its richness in the essential Water Soluble B vitamins. In addition it contains the correct amount of the two essential minerals—Fat Soluble A and Water Soluble C—which are equally important to health. These three vitamins being essential to the body if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just half the usual time!

Watch The Results!

Note how IRONIZED YEAST immediately increases your appetite—how it enables you to get real joy out of every morsel of food you eat. See how quickly it drives away pimples, blemishes, etc., and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. Each IRONIZED YEAST tablet wrapped air-tight in waxed seal when made, thus securing 100% purity and strength. Special directions for children. Go to your druggist or mail coupon today—NOW!

WARNING!

Not all yeast will give the desired results. There are certain types of yeast which have absolutely no value medicinally. By insisting on the genuine IRONIZED YEAST, and refusing cheaper imitations or substitutes you can be sure that you are taking a vitamin tonic treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

FREE TRIAL COUPON

The Ironized Yeast Co., Atlanta, Ga., Dept. 241. Please send me the famous three-day free trial treatment of Ironized Yeast. Name _____ Address _____ City _____ State _____ Only One Trial Package To a Family

Notes—IRONIZED YEAST is sold at all Drug Stores on our guarantee of complete satisfaction from the first package or your money refunded.

VIVAUDOU NEW YORK

LET A NEWS WANT AD GET IT FOR YOU

"Dollars and Sense"

I wonder if parents realize if they put aside as little as \$1.52 a week for each child from the date of birth until he or she reaches the age of 18, that they would be able to give him or her \$2,500 in cash?

\$1.52 a week invested at 6 percent and allowed to accumulate (interest compounded over 36-month periods) will amount to \$2,500 in 18 years—enough to pay a boy's or girl's way through college—even in these days of high costs.

Parents cannot give their children a better start in life than to teach them, as soon as they are old enough to understand, that they are laying by enough money every week to give them a good education—that they want them to appreciate the value of a dollar and also to do their part by being thrifty with their time (which is employing it wisely)—being thrifty with their conduct (which is building character)—being thrifty with their studies (which is being thorough and conscientious)—and being thrifty with their pleasures (which is keen enjoyment in moderation, of all the clean good things of life).

My first one thousand dollars was saved in a Building and Loan Association.

WARD IN THE RACE TO SUCCEED SELF

In this issue of the News appears the announcement of John Ward as a candidate to succeed himself as county weigher. He will have something to say about the matter at some future date. He says, however, he is willing to let his record stand.

He is one of the best known men in the county and all reports are that he has given satisfaction while he has been in office. In addition to giving good service, he believes that in view of the failure of the cotton crop last year and thereby losing money on the office, he ought to be given another opportunity.

Mrs. J. Blaine Gilbreath of this city was a week-end guest of Mr. H. M. Carl of Chickasha and while there attended a Home Culture annual club luncheon, which was given in the Elks club rooms Friday.

Mrs. J. F. Bishop and Mrs. Pearl Brashear of Oklahoma City were also guests at the luncheon.

Norman Howard Post of the American Legion will give a Washington Birthday dance Feb. 22, opening up an extensive program of social and semi-social activities, it has been definitely reported by members of the activities committee.

Minstrel Here Tomorrow. A recent addition to the Harvey Greater Minstrels is Duke Anderson, one of the new school of negro comedians, who tries to imitate the negro as he is in southern states and it comes as a refreshing novelty for a real negro to imitate a real southern negro.

The Harvey Greater Minstrels are billed to appear at the McSwain theater one night only, February 1st.

Another big dancing novelty is the "Six Panama Dancers," in which something entirely new in the way of stepping is shown. These two acts are entirely new and original with Mr. Harvey, and in the former there are fifteen handsomely costumed girls with special scenery and lighting effects, while in the latter there are six decidedly clever men appropriately costumed. Taking all in all, the fifteen vaudeville acts given by the Harvey Minstrels would constitute a whole evening's entertainment, but in order to produce all the performance, Mr. Harvey has brought his circus experience to play and at times there will be three acts going at one time, all entirely different and distinct. There are fifty people with the show, all traveling in their own all steel special built cars.

Mrs. E. K. Wallace of Muskogee was in the city yesterday visiting friends and looking after business interests.

B. F. Puckett former resident of Ada, is looking after business matters here. He moved from here to the Rio Grande valley, but now lives at San Antonio.

Misses Pearl and Dollie Gay entertained members and alumni of Phi Beta sorority, and their friends, at an informal party at their home 995 East Twelfth street, Monday night.

The Hays Ward School rendered a program at the high school Monday morning at the chapel hour. The program consisted of several readings and several numbers by the school chorus. Miss Bates had charge of the group.

Several officials and attaches at the city hall were unable to attend to duties today, due to illness caused by vaccination for smallpox. Mayor Gary Kitchens and Mrs. Tom Hope, commissioner of finance and accounting, were confined to their homes today.

War Veterans Would Take Cash Instead of Vocational Aid

(By the Associated Press)

WASHINGTON, Jan. 31.—Immediate passage of a soldier bonus was urged today at a hearing before the house ways and means committee by representatives of war veterans organization.

An estimate that if a bonus bill were enacted 50 per cent of the war veterans would take cash, in preference to insurance, vocational and home aid, and land settlement options was made by Daniel T. Peck of Otamwa, Iowa, legislative representative of the American Legion.

ENID—An increased enrollment was expected when Phillips university started the second semester January 24.—University authorities based their expectations on the large number of inquiries received.

APRIL PROMISES RECORD PROGRAM

Six Days of Month Will Be Filled With Thrilling Contests Here.

April promises to be a good month for sport fans of this section. Six days of that month will be filled with exciting contests between schools of this county, district and colleges contesting with the local college.

The schedule follows:

April 7: County track and field meet.

April 8: County track and field meet.

April 21: District track and field meet.

April 22: District track and field meet.

April 27: Base ball game, East Central vs. Oklahoma Baptist university.

April 28: Quadrangle track and field meet.

April 29: (Morning) Tennis tournament, East Central vs. Baptist university.

April 29: (Afternoon) Baseball, East Central vs. Baptist university.

In the district track and field meet last year some new records were established and several all state men were turned out. Most of the larger schools of the district were represented, but the consolidated and smaller schools made strong entries in their classes. The most interesting feature of that meet was the baseball tournament, which Wetumka won. Reports available at this time indicate another hotly contested game this year.

Hundreds to Come.

Prof. A. L. Fentem of the high school states that he is looking forward to the taking of the county meet and also the district meet if possible. It has been several years since the school made an unusual showing on track and field but better material than ever is available this season. Several hundred athletes are expected here for the district meet.

Durant Teachers, Shawnee Baptists, Oklahoma City College, and the college here will participate in the quadrangle track and field meet. This will be the first time in several years that much interest has been shown in track and field events by students of the local teachers college.

Baseball will without doubt be the most successful sport for the Ada college. Better prospects are reported each day and Coach Thompson is receiving many letters from good men desiring information about the team. There is already plenty of material for a good team, but all men are being welcomed and try-outs for the squad will be interesting, due to the fact that each man will be working to hold a position.

When the sweet young thing marries a man old enough to be her father, she is merely annexing a perennial Santa Claus.

HAS RAISED A NEW STANDARD FOR BAKING POWDER

Because it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

A pound can of Calumet contains full 16 oz. Some baking powder costs 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

ATHLETIC PLANS TO BE ADVANCED THURSDAY NIGHT

Although no definite steps were taken, the committee appointed to discuss financing a city athletic association met last evening and brought up several plans for consideration. On account of conflicts, some of the members were unable to be present, but plans decided on were expected to meet the approval of all members. These plans will be submitted to the meeting next Thursday night.

It was decided that the association will sponsor all sports and although other institutions and organizations put out teams, they will indirectly be under the jurisdiction of the association. In this way an amount of money for the association could be obtained, while it could at the same time be beneficial to both organizations concerned.

May Sell Membership.

A membership plan was also suggested and will be presented to the meeting. It embodied the proposition of making out memberships to every resident of the city in three classes or groups: juvenile, junior and senior. It was also suggested that the by-laws of the organization be required that any person taking part in events under the jurisdiction of the association must be a member. Memberships would, under the plan, be sold for each class of sports. The amount agreed on was small.

Other smaller and less important sources of revenue for financing the association were discussed. A plan was formulated to have games between home talent free to all by selling memberships, thus not only furnishing ample opportunity for those taking part to enjoy good clean sports, but also amusing those who do not care to play. Provided the plan is accepted by the meeting, steps will be taken to complete the organization, elect officers, and draw up a set of regulations.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapefruit and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. (adv)

HIGH HILL ITEMS

The people of this community are farming some now.

All of the children are going to school now. We have quite a large enrollment.

We have been having some cold weather the past week.

Preaching was well attended Saturday night, Sunday and Sunday night.

Mr. Franks was in Allen on business Saturday.

Mrs. Dunahoe and husband spent the past week with her sister, Mrs. Neely.

Mrs. Kerr spent Sunday with Mrs. Ginn.

Chester Lee of Pilot Point, Texas, spent the past week with his cousin, Everett Neely.

Miss Jewell Kerr was the guest of Miss Beatrice Ginn Sunday.

The club boys and girls of the High Hill school were visited by the home demonstration agent, Mrs. Duval, Wednesday. Her visit was enjoyed by everyone.

Homer Nickell who has had the pneumonia is reported improving. We all hope he will be able to be back in school soon as he is greatly missed by his classmates and friends at school.

Mrs. Albert was the guest of Mrs. Horn Sunday.

Little Robert Nickell who has been on the sick list is reported better.

Everybody is cordially invited to attend preaching at High Hill Saturday night, Sunday and Sunday night by Rev. Sibby.

OKLAHOMA CITY—Flowering gardens during the winter has a double advantage, according to C. R. Donart, county agent of Oklahoma county. If the ground is turned over before a cold spell, Donart said, the hibernating insects will be turned up where the cold can get to them, and the alternate freezing and thawing will break up the organic matter in the soil, rendering it available as plant food for the coming year.

It probably wasn't difficult to love your neighbor as yourself before the saxophone was invented.

PITCHING PROBLEM WORRYING MCGRAW

Above, Fred Toney (left) and Artie Nehf. Below, Phil Douglas and Jess Barnes.

John McGraw will not be satisfied with his 1922 Giants—Heinie Groh or no Heinie—until the team's pitching staff is strengthened. McGraw realizes that

Arthur Nehf was the only dependable hurler last season. Barnes was unsteady during the regular campaign, although he starred in the world's series.

Toney and Douglas failed to be dependable. Slim Sallee, who helped this quartet a bit, is gone. McGraw knows his mound staff is weak.

Modern Grid Squads Superior To Those of Old, Yost Avers

(By the Associated Press)

ANN ARBOR, Mich., Jan. 31.—Coach "Hurry Up" Yost of the University of Michigan has joined the ranks of that group of coaches who believe the present day football teams are superior to those of a decade or more ago, when brawn was the chief requisite for a college gridiron player. All things being equal, the average university or college team of today would administer a beating to an average team of ten years ago, in Yost's opinion.

The Michigan mentor, who has completed 27 years of coaching experience, declared today that the present style of open play on the gridiron is more satisfactory in every way to the old bucking tactics. He said the modern game, with its varied play, was more interesting to player and spectator alike and had much to do with increased popularity of the sport.

"The new game has all the elements of the old with a number of interesting others for use of brains on part of each player that the old style of contest had not. Present day teams also are better coached. This is necessary because a squad that has not been drilled in the forward pass, both on defensive and offensive, is lost."

Coach Yost said that the present football rules would stand for years, declaring the game near perfection except for a few technicalities that eventually were to be smoothed out.

New Record Is Set For Cases Entered In District Court

January set a high-water mark for the filing of cases in the district court in recent months. Sixty-three civil cases alone having been entered up to this morning with the prospect that several more would be docketed today, bringing the total up to more than for any other month within the last year.

Seven of the 63 cases filed during January were for divorce. Of these, one was canceled before it went to trial.

During December, 1921, only 46 cases were entered and in November there were 39 civil suits filed.

New cases entered Monday on the civil docket of the district court were: Grace Maxberry vs. Earl Maxberry, divorce and custody of child; Oklahoma State Bank of Ada vs. Mary A. McClure, foreclosure and recovery of money.

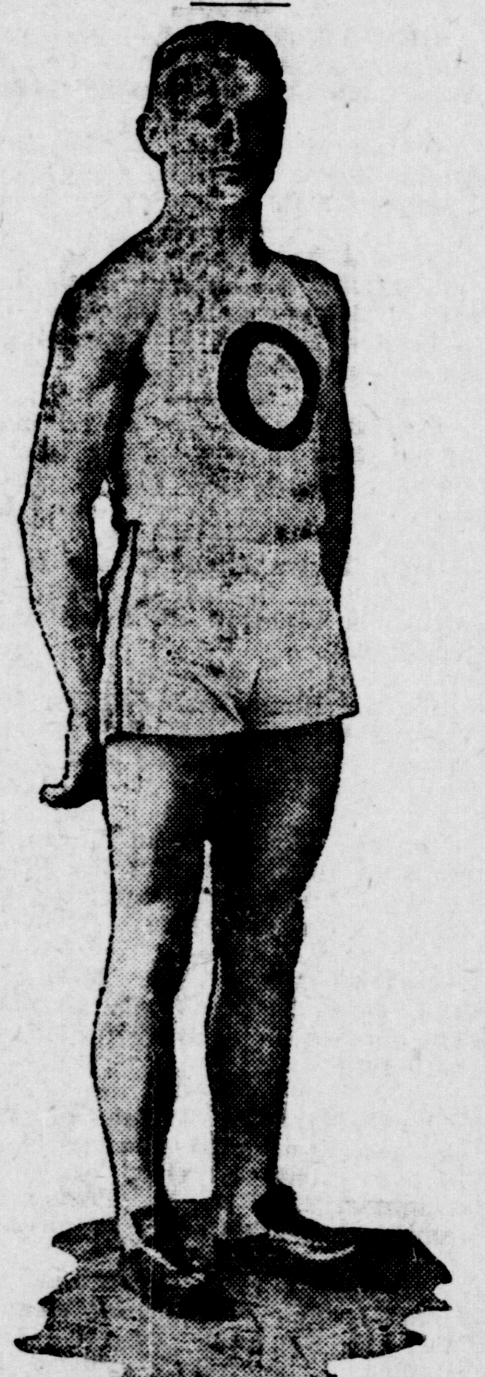

Illinois Track Men Accept Third Date For Southern Trip

URBANA, Ill., Jan. 31.—Coach Harry Gill of the University of Illinois has accepted a third date on his southern track trip, the last one being with the University of Arkansas track team April 20. This will necessitate a change in the date of the University of Texas meet from April 19 to the 18th.

The twenty Illinois track men will leave Champaign April 13, meeting Rice Institute in the first dual contest. Rice has a strong aggregation with Lindsey the star dash man and hurdler. The Illinois jaunt is the first spring training trip ever taken by a western team and the second in America. Harvard's tour through Virginia after the Penn Relays last season being the first.

LAWTON—The Comanche County Free Fair board has decided on Sept. 12 to 16 as the dates for the fair next fall.

HEADS SPRINTERS

Bryan Griffin, Captain

NORMAN, Jan. 31.—(Special)—Bryan Griffin, Snyder, veteran sprinter of the University of Oklahoma who will lead the 1922 Sooner track and field team, is in his last year of university track after having represented Oklahoma for two years.

Notre Dame Starting Developing of Track Team With Five Men

(By the Associated Press)

SOUTH BEND, Ind., Jan. 31.—Around a five star combination of athletes Coach Knute Rockne is building a track team that he believes will bring high honors to the University of Notre Dame this year.

Rockne has these five men as a nucleus for his team: August Desch, worlds low hurdle champion; Johnny Murphy and William Hayes, former national champions in the high jump and 100 yard dash, respectively; "Buck" Shaw, conference title holder in the shot put and Chet Wynne, a hurdler of national renown.

In addition to this quintet, Rockne has several men who performed well in meets last year. Among them are Edward Hosen who has a pole vault mark of 11 feet, 9 inches; Eugene Oberst, who has thrown the javelin 170 feet and John Montague with a record of 20.51 for the quarter-mile. These marks were all set in meets last year and the holders are expected to show better this season.

Notre Dame will send representatives to the Millrose Athletic Club games in New York in February and to the First Regiment meet in Chicago, March 10 and 11. Indoor dual meets have also been arranged with Wisconsin to be held at Notre Dame Feb. 18 and with Illinois at Urbana Feb. 25. A team will also be sent to the Illinois Relays at Urbana March 4.

Legion May Discuss Post Baseball Team At Meeting Tonight

Organization of an American Legion baseball team will be discussed at a meeting tonight of Norman Howard post at 7:30 in the Legion hall. A call for all former service men who have had experience or the diamond to attend tonight's meeting was sounded today by Gilbert Polly, post commander.

It is also planned to have reports from committees of the Legion that has been at work since early last week on employment for former service men who are sick.

Several interesting speeches will be made, Polly said, among which will be one by William F. Miller, chamber of commerce organization man here from Chicago. Miller is a former service man and a member of the Legion.

Earth Tremor Felt In Region Around Washington Today

(By the Associated Press)

WASHINGTON, Jan. 31.—An earthquake of great intensity, probably 2,500 to 2,600 miles south of Washington, was registered early today at the George Washington seismographical observatory. The earthquake began at about 8:25 a. m. and ten minutes later the tremors had become so pronounced as to throw the registering needle off the scale.

The earthquake also was recorded on the seismograph of the weather bureau, officials of which described it as "monstrous." The Rev. Francis Tondorf, director of the Washington observatory and one of the foremost earthquake authorities of the world, said the earthquake was "enormous." Both machines were still registering at ten o'clock.

If it is true that one is born every minute, there will always be a sale for special delivery stamps.

BIMINI, WET ISLE, WAS FOUNTAIN OF YOUTH YEARS AGO

JACKSONVILLE, Fla., Jan. 30.—Federal prohibition officials here interested in Bimini, the small British island forty miles east of Miami which since the outlawing of John Barleycorn by the United States has become a mecca for those whose thirst was not quenched by the Eighteenth amendment and which also is said to be the source of much of the liquor smuggled into this country, have ascertained that Bimini was supposed to have been the site of the "fountain of youth" of which Ponce de Leon was in search when he discovered Florida.

Bimini is not a recently established institution, it has developed, for more than four hundred years ago it figured in the news reports of the day by that name. Ponce de Leon heard of it while in Porto Rico in 1512, having been told by the Indians there "of an island called Bimini where there was much gold and a treasure even more precious than gold—a fountain whose waters would make young forever all mortals who should drink of it," as one chronicler puts it.

Ponce De Leon Sought It.

Ponce de Leon fitted out three small vessels at his own expense to go in search of the fountain. He left to the present generation the discovery of the gold and potent waters, however, for after cruising about the Bahamas during the winter of 1513 without sighting the island he heard there was land in the northwest, steered in that direction and on Easter Sunday, March 27, landed on the beach a few miles north of where St. Augustine now stands.

Prohibition officials credit the Indians of Porto Rico with having known what they were talking about when they told Ponce de Leon what he would find at Bimini.

"Bimini is running over with gold these days," said one official, "and it is certain from the experience we have had with liquor runners the last year or two that the marvelous waters of the fountain still flow freely."

FREAK TRAINING OF REDS BARRED

Others May Adopt Cowboy Stunts But Cincinnati Goes on Straight.

(By the Associated Press)

CHICAGO, Ill., Jan. 31.—"Freak" training stunts for the Cincinnati Reds will be barred and from the time the players don their uniforms at Mineral Wells, until the team leaves for the north, the athletes will be kept busy working into a perfect baseball machine, according to Manager Pat Moran.

"Let the Cubs go ahead with their mountain climbing and let Tris Speaker put his Indians through their cowboy stunts but in the meantime watch out for the Reds as their time will be devoted to building up a smooth working infield," Moran said.

The greater part of the training work has already been mapped out by Moran for the 1922 season. It will include more baseball and less aimless mechanical work than has been the case in previous years and according to indications will be the case with other clubs in the circuit again.

Moran has a heavy task of building up an infield which will be new at two points. The condition last year altered the situation so that infield workouts could not be held until late in the training season. Groh and Kopf were holdouts; there was no infield ready for the team, Jake Daubert did not arrive until late and Bohne and Forseca had to be fitted into temporary positions. This year Moran wants Daubert, Bohne, Pinnell and Caveney ready for work when the first bugle blows and after spending the first day in tossing the ball around, the actual infield work will be started on the second day.

Club Is Improved.

Although the players were given good salaries last year, the club is doing even better this year, according to President August Herrmann. Recent increases, especially for the younger players who have made good with the club, it is predicted, will add to the eagerness of the players to do their best during the training season.

In announcing the increases, the figures for which are not given, Mr. Herrmann said:

"A liberal policy will prevail with the Cincinnati club again this year. We do not believe that any player has cause to protest the amount given him. We are giving Pinelli, Caveney and Couch substantial money; we are giving George Burns as much as the New York club ever paid him; to sum up the salary list of the Cincinnati club will compare favorably with the amount spent by any other club in the circuit, although the city has the smallest population and finished in sixth place last year."

The Red payroll for 1919 was one of the largest in the league and in 1920 it was much larger for the pennant winners demanded and received substantial increases. In 1921 Reuther's \$8,000 salary was deducted and a few others were decreased.

In 1922 the salary of Heinie Groh is shifted to New York, but Burns will draw about as much as Groh got last year. Eller's big salary is marked off, and Kopf's big pay check probably will be missing.

ST. LOUIS SOCCER CHAMPS TO MEET EASTERN SQUAD

ST. LOUIS, Mo., Jan. 31.—The Scullin team of St. Louis, champion of the West, is to meet the winner of the east for the national professional soccer title in March. The Eastern representative in the contest and the place have not yet been decided.

George Healy, president of the United States Football association, the ruling body, announced today that four teams remained in the running for the Eastern championship. The Scullins won the western championship by defeating the Caledonians of Detroit. It is probable that the championship game will be played here.

St. Louis to Send Teams.

(By the Associated Press)

ST. LOUIS, Mo., Jan. 31.—St. Louis University will send teams to the Drake Relays at Des Moines, in April 29 and the University of Illinois relay meet at Urbana, March 4, Father Hermans, athletic director, announced today.

BACKBONE OF SOONER TEAM

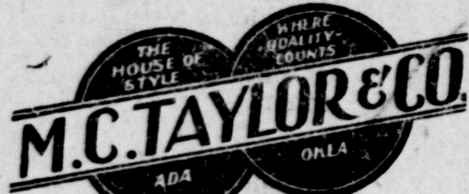

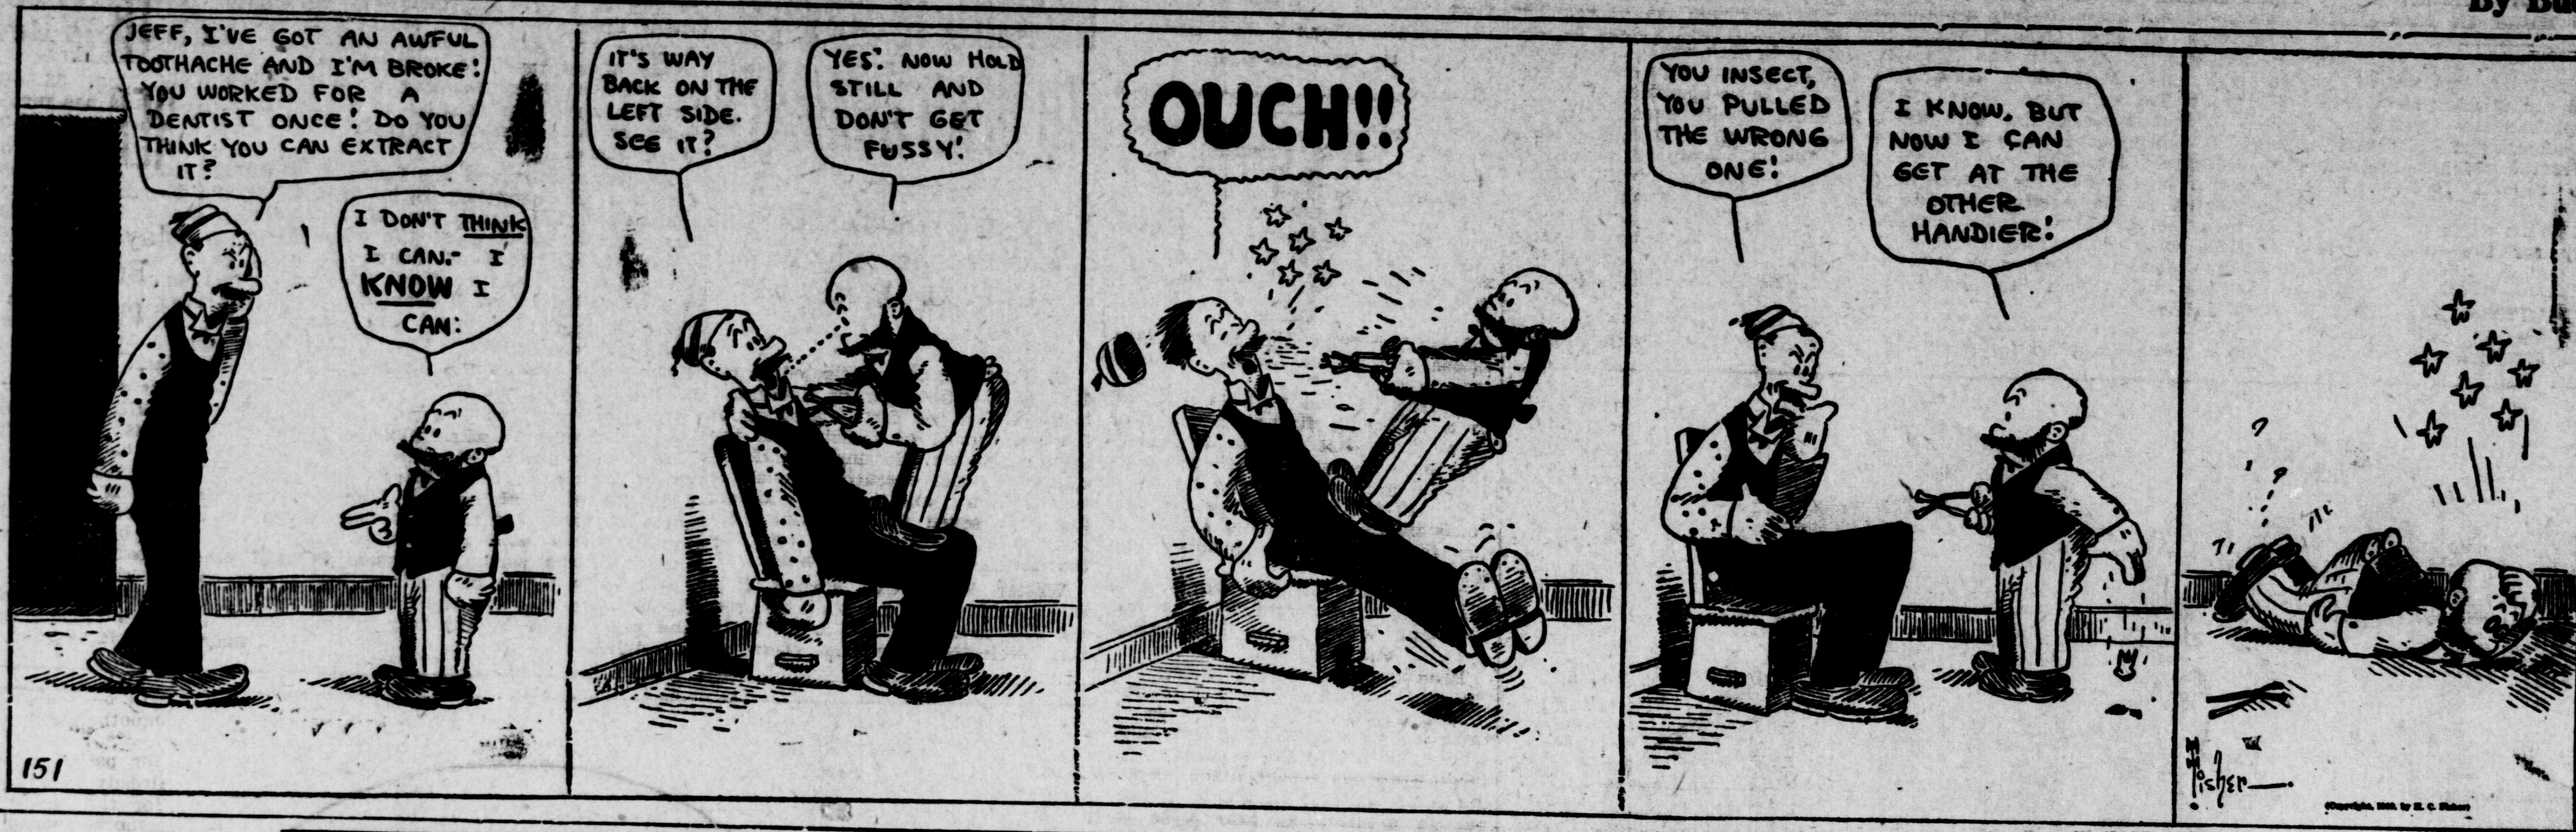

NORMAN, Jan. 31.—(Special)—Coach Hugh V. McDermott, Sooner basketball mentor, and two of his three veteran cagers, Howard Bonebrake, El Reno, guard; and Myrort Tyler, Idabel, forward, who accounted heavily for the success of the University of Oklahoma in the last two conference games.

The Sooner victory over Nebraska caused the two teams to exchange places in the conference race, Oklahoma going into third place and Nebraska tied with three other squads for fourth place. The Sooners meet Kansas at Norman, February 1, and then take the first conference road trip of the season when they invade St. Louis for a game with the Washington five, February 3, followed the next night by a game with the Missouri Tigers at Columbia.

(First Published January 27, 1922)

Notice is hereby given that the Board of Commissioners of the City of Ada, Oklahoma, will meet on the 9th day of February, 1922, at 2:00 p. m. in the City Hall of the City of Ada, Oklahoma, for the purpose of reviewing the report of the Board of Appraisers making appraisal and apportionment of costs to the various lots and tracts of land benefited by the paving, grading, curbing, draining and otherwise improving of Street Improvement District No. 9, same being:

North Mississippi Avenue from the North line of East Main Street to the south right-of-way line of the St. Louis and San Francisco Railroad, including all street intersections and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma.

The report of the Board of Appraisers is hereto attached and set out below, with Exhibit "A", and published herewith. At said meeting the Board of Commissioners will hear and adjust any complaints and review any appraisal and apportionment made by the Board of Appraisers, as provided by law, and will review, correct, raise or lower the same, and the Board of Commissioners will adjourn from day to day and from time to time

until their labors are completed. At said meeting all persons interested may appear and be heard.

Signed this 24th day of January, 1922.

CITY OF ADA, OKLAHOMA.
By Gary Kitchens, Mayor and Commissioner of Public Justice and Safety.

Attest: Minnie G. Hope, City Clerk and Commissioner of Accounting and Finance.

Report of Appraisers.
Ada, Oklahoma,
January 24, 1922.

To the Honorable Board of Commissioners, Ada, Oklahoma.

We, the undersigned Board of Appraisers appointed by resolution of your Honorable Body to appraise and apportion to the several lots and tracts of land chargeable with the paving and otherwise improving of Street Improvement District No. 9, same being North Mississippi Avenue from the north line of East Main street to the south right-of-way line of the St. Louis and San Francisco Railroad, including all street intersections and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma, in the aggregate amount of Forty Two Thousand Eight Hundred Forty-four and 10/100 Dollars (\$42,844.07), do hereby certify that we met in the City Hall in said City on the 24th day of January, 1922, and organized as a Board of Appraisers, and selected E. V. Estill chairman and L. T. Walters as secretary thereof; that we, at said time, severally took and subscribed an oath to make true and impartial appraisal and apportionment to the several lots and tracts of land designated in the resolution by which we were appointed, of the benefits resulting therefrom, as aforesaid; that within five (5) days after being notified of our appointment, we proceeded to appraise and apportion to said several lots and tracts of land the benefits resulting therefrom on account of the making of said improvements; that in making said appraisal and apportionment we apportioned to each lot and tract its due portion of the charge, according to the amount and cost of work performed upon said Street Improvement District; which respective amounts so appraised, apportioned and adopted we find just, equitable and accurate, and that the several respective lots and tracts are benefited to the extent of the respective amounts so apportioned; that we appraised and apportioned to the several lots and tracts of land therein, the respective amounts set opposite the description of said lots and tracts of land contained in the statement attached hereto, marked Exhibit "A" and made a part hereof, which respective amounts we find equitable and just and according to the benefits accruing to said several lots and tracts of land.

Respectfully submitted,
E. V. Estill,
L. T. WALTERS,
R. E. CARPENTER,
Appraisers.

Filed this 24th day of January, 1922.

CITY OF ADA, OKLAHOMA.
By Gary Kitchens, Mayor and Commissioner of Public Justice and Safety.

Attest: Minnie G. Hope, City Clerk and Commissioner of Accounting and Finance.

Oklahoma Produces Record Quantities of 1921 Petroleum

WASHINGTON, Jan. 31.—Production of petroleum in the United States in 1921, as indicated by reports from producing companies to the United States geological survey, amounted to 469,639,000 barrels. This total may be increased somewhat, the survey said today, by reports on the quantity consumed on the leases for fuel. Stock of crude oil increased 60,569,000 barrels during the year, the report said. California and Oklahoma produced a record output of approximately 114,000,000 each last year, and Texas more than 100,000,000.

SPECIAL!

JOHN BIMPKINS.

THROUGH THE BRILLIANT WORK OF OUR CLEVER STAFF WRITER, A. CUBS, WE CAN EXCLUSIVELY ANNOUNCE THAT JOHN BIMPKINS, HUSBAND OF GRACE, DAUGHTER OF OUR FAMOUS FELLOW CITIZEN OSWALD VAN LOON, KICKED THE BUCKET IN ALASKA, WHERE THIS BRAVE, INTREPID, GALLANT NOBLE AND HANDSOME YOUTH WENT IN SEARCH OF WEALTH.

BUT THE CHILD WAS SAVED

ONE THEORY IS THAT WHILE THE HEROIC EX-COLLEGE WAS ATTEMPTING TO RESCUE A CHILD FROM A BURNING BUILDING BY JUMPING THE FIREMEN AIMED A STREAM AT THE FLAMES AS THE WATER LEFT THE NOZZLE IT FREEZE FORMING A GIANT ICICLE ON WHICH HE WAS IMPALED

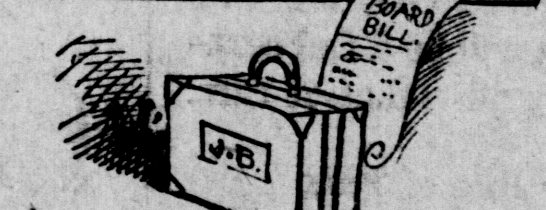

ANOTHER THEORY, THOUGHT PROBABLE BY MANY, IS THAT BIMPKINS STARTED AN ICE CREAM PARLOR IN SKAGWAY AND STARVED TO DEATH.

OTHERS BELIEVE THAT BIMPKINS AFTER AMASSING A FORTUNE IN GOLD NUGGETS, STARTED FOR HOME. THE WEIGHT OF THE GOLD WAS SO IMMENSE THAT IT BROKE THE ICE AS HE WAS CROSSING THE BAY AND CARRIED HIM DOWN IN THE CHILLY OCEAN.

THE LAST THEORY DOESN'T QUITE AGREE WITH THE WIRELESS RECEIVED FROM "ICICLE HOUSE" NOME, WHICH IS REPRODUCED BELOW.

AEROGRAM
Young man disappeared leaving suitcase and unpaid bill. Initials "J.B." on suitcase.
Sue Hays Nome, Alaska

EDITORS NOTE: PERSONALLY WE ATTACH NO IMPORTANCE TO THE ABOVE. THE SUITCASE WAS PROBABLY EMPTY.

IT ISN'T THOUGHT THAT THE SOCIAL SEASON WILL BE AFFECTED BY THIS AWE-SOME PIECE OF NEWS! AS A DASHING, BEAUTIFUL, MERRY YOUNG WIDOW, GRACE VAN LOON BIMPKINS SHOULD BE ALL TO THE GOODS!

DOINGS OF THE VAN LOONS—It's a sad story! Boo-hoo!

By E. LEIPZIGER

**FOUR MINERS KILLED
TWO HURT IN EXPLOSION**

PINEVILLE, Ky., Jan. 31.—Four miners were killed, two were injured and two are missing as a result of an explosion in the Layman Calloway coal mine at Layman, Ky., 20 miles from here, last night according to reports received here today.

Officials of the company left here early today for the scene of the accident.

**PONTOTOC AGENTS ATTEND
MEETING AT STILLWATER**

J. B. Hill, county agent, and Mrs.

Elva Duvall, county home demonstration agent, are attending a state convention of such officials which opened Monday at Oklahoma Agricultural and Mechanical college, Stillwater. The conference is scheduled to last a week and will attempt to work out a more definite farm program for 1922.

Seventy counties of the state are represented at the meeting, according to a report which reached here Tuesday. Only two other counties have the demonstration work. The Ada delegates expect to return about February 6.

ARDMORE—A meeting will be held here February 11 to organize the full-blood Indian women of Carter county in club work. Mrs. Minnie B. Church, county home demonstration agent, in co-operation with Col. S. A. Mills, Indian agent, will perfect the work of the organization.

MUSKOGEE—Although thousands of miners contracts will expire March 31, it was announced here recently by E. F. Ross, secretary of District 21, United Mine Workers of America, that new agreements may not be signed until April or May.

Farmers' Column

By Byron Norrell

The farmers around Antlers have perfected the organization of a truck and fruit growers association. There are fifty charter members in the organization. A similar movement is on foot around Hugo. During the next year or two co-operative marketing will be given a good test in Oklahoma.

Here is a suggestion by an experienced orchardist about pruning fruit trees:

It may just as well be accepted as a fact that first-class fruit, or even fruit that is worth producing, cannot be grown without spraying and pruning. Any one having a couple of dozen fruit trees can certainly increase the money income of the farm by proper pruning and spraying.

The purpose of this article is to point out in a very brief way just how and when to do this winter pruning and spraying. Pruning is not merely going into the orchard and chopping off a few branches from the fruit trees. It must be done carefully. One must study the tree and remove only those branches which touch or are too close together should be removed. In determining how close together they should be, remember that it is advisable to have the fruit tree open enough so that the sunshine may enter fairly well into all parts of the head of the tree at some time during the day.

This form of pruning is nothing more nor less than removing the surplus branches. Under this head one should naturally remove all the dead, or decaying branches, because they cannot be of any value. In cutting off branches, cut off very smoothly with the trunk of the tree or the other branch from which the branch is removed. If more than a half inch in diameter, paint the wound with some good paint in order that rotting of the tree may be prevented.

There is another kind of pruning that should be given the peach tree, and that consists of cutting back the previous season's growth to one-third or one-half, depending on the amount of growth made the previous season. In cutting back these branches cut just above a bud. Keep in mind that with the peach it is on the new wood that the fruit is produced, and to keep the tree producing new wood, this annual heading back must be resorted to.

With the apple the pruning should be confined almost entirely to removing the surplus branches and heading back of the new branches where they have grown out too long.

In other words, it is not necessary to head back the branches in order to produce and hurry up new wood growth as it is in the peach.

The winter spraying for all fruit trees is the same, and that is the spray known as the lime-sulphur wash or dormant spray.

The Tishomingo Capital-Democrat remarks:

Bill Murray believes that we will make a good cotton crop this year. He says the boll weevil is of a migratory disposition and will move on. He advises, however, the burning of everything a weevil could hibernate in. He says he discouraged planting of cotton last year, but that he believes we will make a good crop this year.

**MANICURING ELEPHANT
NOT SUCH SIMPLE JOB**

Manicuring, in the circus world, is not always the simple operation that it is in milady's boudoir.

One of the biggest pets of Honest Bill's shows, wintering here, a giant elephant underwent this afternoon the torture of having his nails cleaned and filed. With one keeper sitting on his head and another wielding a hook, the big brute appeared content to lie quietly and listen to the rasping noise as a blacksmith went about his work of beautification.

It took about thirty minutes to trim the elephant's nails and send him back to the circus lot happy.

**GOWING IS NAMED
TO HEAD CHAMBER**

Wray and Whitaker Chosen Vice-Presidents by New C. of C. Directors.

C. V. Gowing was elected president of the Chamber of Commerce last night at the second meeting of the new board of directors in the C. of C. rooms. Gowing was chairman of the old executive committee organization and stood among the first seven in the final election of 14 directors last week by the membership as a whole.

Walter Wray was elected first vice president, W. L. Whitaker, second vice president, and J. A. Smith was re-elected treasurer. Gowing,

Wray and Whitaker are all two-year members of the board of directors by virtue of their having stood among the first seven in number of votes received at the hands of members. Enthusiasm on the part of every member of the board marked the opening by that body of a strenuous program of work ahead.

Another meeting of the board of directors is scheduled to be held tonight at the conclusion of the first forum meeting of the re-organized Chamber of Commerce. The first forum meeting which will be called to order promptly at 7:30 at the City Hall, will adjourn exactly at 8:45. Rev. C. C. Morris, chairman of the forum committee, declared today.

Chairman Thanks Public Sam Schienberg, who during the recent Jewish relief drive was chairman of Pontotoc and Hughes counties, today extended his thanks to all those who contributed to the fund, the various chairmen in the smaller towns in Pontotoc and Hughes counties for their services, and others who in any way helped the drive.

**Stay of Execution
For Alleged Robber
of Bank Is Revoked**

SALLISAW, Jan. 31.—Governor J. B. A. Robertson has revoked a 60 day stay of execution granted Mont Crookson, alleged bank robber of Cherokee county, it became known today and Sheriff C. M. Gay is now engaged in an effort to apprehend Crookson who was convicted in 1919 on a charge of robbing the First National bank of Gore. Crookson has been at liberty on a \$10,000 bond since a jury convicted and sentenced him to five years in the penitentiary.

**FIRE ON DOCKS BOUGHT
UNDER CONTROL TUESDAY**

SUPERIOR, Wis. Jan. 31.—A spectacular fire at the Great Northern Ore Dock No. 2 at Allouez, a supper, which for a time threatened other ore docks, was brought under control early today through combined efforts of Superior firemen and a crew from Duluth. The loss may reach \$2,000,000.

**Keeps Away Colds,
Sore Throat,
Croup, Etc.**

When "baby" is put to bed, see that she is safeguarded against the cold or sore throat—be it ever so slight—that may become the terror of the night to anxious "mother." Rub chest, throat, behind the ears and between the shoulders with Flumonia; and let her lie down to sweet dreams in comfort and safety.

Flumonia allays inflammation; counteracts congestion; and the pleasant, penetrating fumes keep nostrils open and breathing easy.

The V. V. Red Shield of the Van Vleet-Mansfield Drug Co. guarantees Flumonia to be helpful and harmless. At your drug-store.
